Master

Albert Chang

Front-End, Design,
Artwork/Branding

Daniel Brenner

Back-End, Database Management,
Angular Enthusiast

Chandler Maskal

Front-End, Documentation

PROBLEM

You're bored

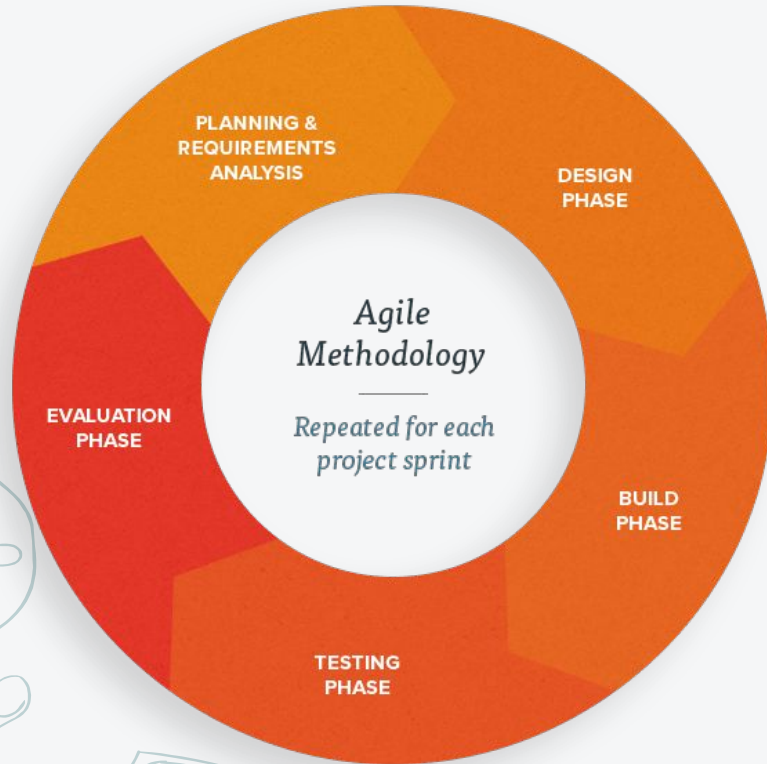

You don't know what fun activities your friends are doing

You don't know if any of your other friends are also bored

TECHNOLOGIES

DEVELOPMENT TIMELINE

1/28 - 2/4

Brainstorming

2/5 - 2/22

Planning

2/11

Project proposal submission

2/10 - 2/22

Create and modify wireframes

2/23

Development begins

2/23 - 3/17

Front-end

3/18 - 3/21

Back end

3/21

Midterm presentation

3/22 - 4/11

Development continues

4/11 - 4/28

Development; Testing

5/2 or 5/5

Final Presentation; Panic

SOLUTION DESCRIPTION

[HTTP://CONRADMOSSL.ME/BORDR/INDEX.HTML](http://conradmoss.me/bordr/index.html)

Web application

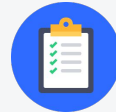

Chat server to connect bored users

Add/edit/join events in your area

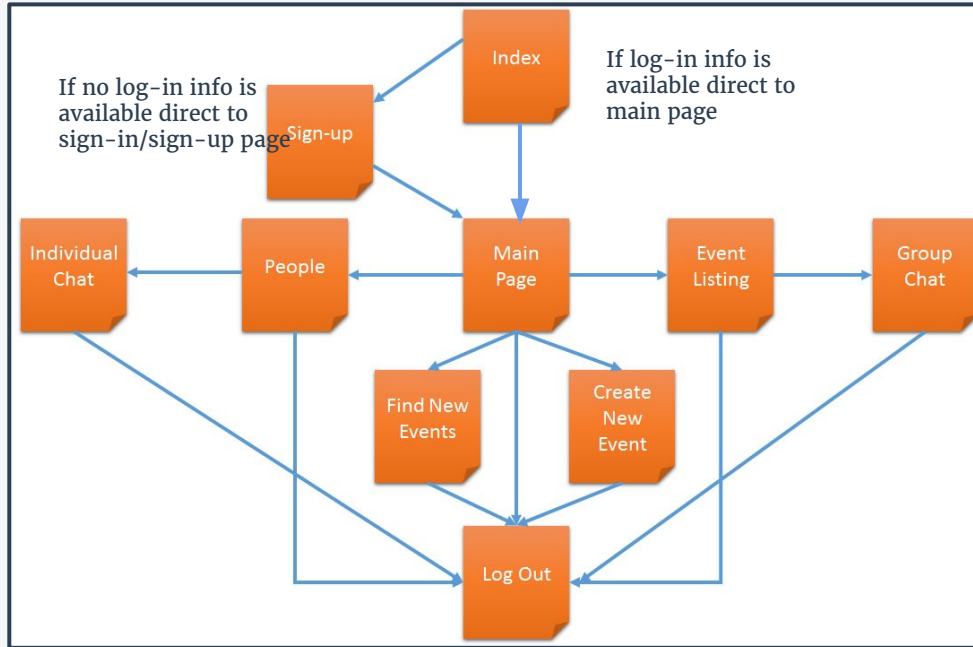

Add friends to friends lists and events

User profiles include lists of interested activities

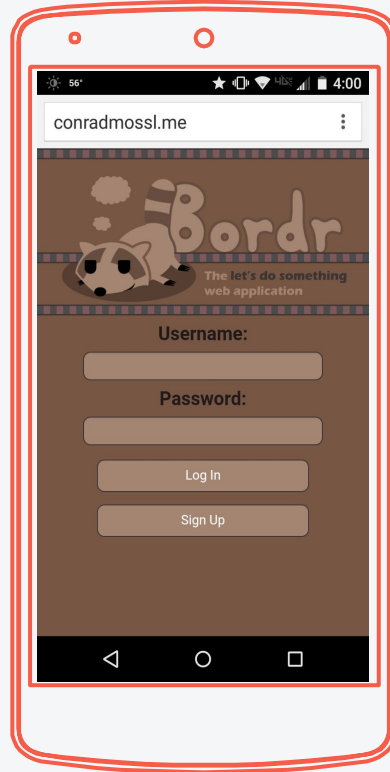

IT DESIGN

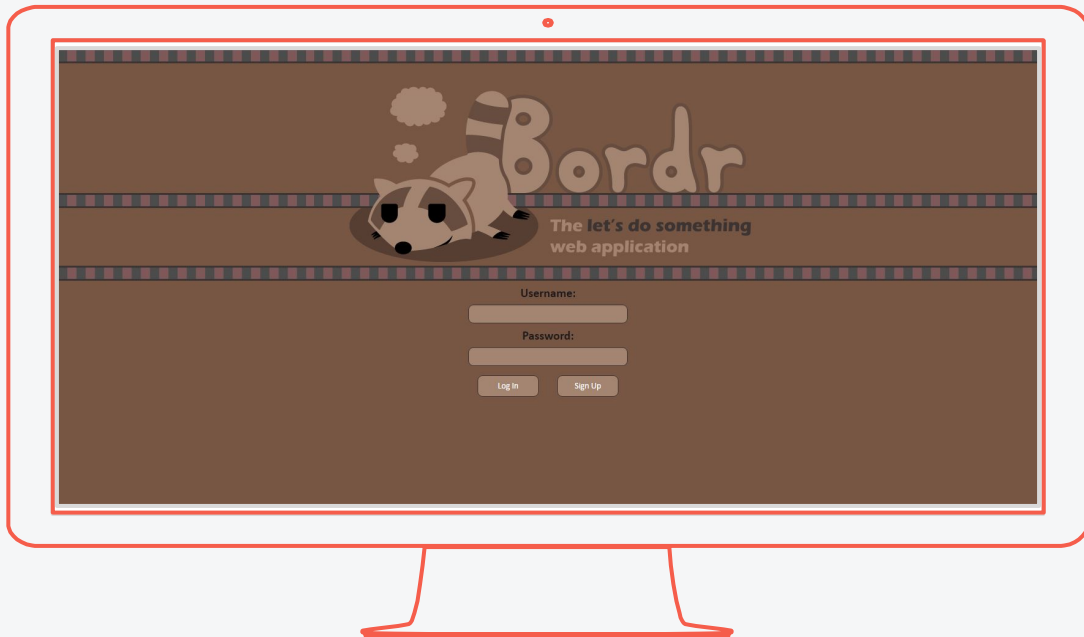

1 Simple 1 page design

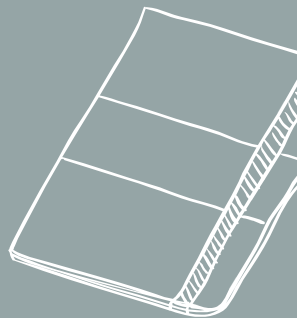

2 Keep all content within 2 clicks

MOBILE VIEW

DESKTOP VIEW

PROGRESS SUMMARY

Progress at midterm:

- ✓ Project idea selection
- ✓ Requirements set
- ✓ Server set-up
- ✓ Mascot and theme designed
- ✓ Site architecture designed
- ✓ Log-in functionality
- ✓ Front-end framework set-up
- ✓ Back-end database framework set-up

Progress at current date:

- ✓ Remaining front-end pages fully developed
- ✓ Event search functionality
- ✓ Chat server functionality
- ✓ Friends list functionality
- ✓ Create/edit event functionality
- ✓ 404 page
- ✓ Login caching

POSSIBLE NEXT STEPS

- !! Finish feature development
- !! Wrap up all testing
- !! Add notifications to users when new events in their area are created
- !! Add notifications to users when friends create new, public events

CONCLUSIONS: LESSONS & CHALLENGES

GitHub and BugZilla have learning curves

Precise and frequent communication is key

Pinpoint all intended functionality and role assignments from the start to avoid scope creep

Dan's rude comments are just how he shows affection

THANKS!

Any questions?
